Saturday, January 28	Away	<u>Belvidere, IL</u>	
Saturday, February 4	Home	<u>Charles City, Newton & Marion</u>	

SECTIONALS, STATE, AND REGIONALS

We will have eight scheduled dual/triangular swim meets. All members of the swim team are eligible to swim in any and all of these swim meets as long as the swimmer makes it to 2 of 3 practices. We would like to see all swimmers swim in all the home meets; however that is not a requirement. In fact, we do not require swimmers to swim in any swim meets. One must know though, that in order to compete in the Northeast Sectional Meet, a swimmer is required to swim in at least three dual/triangular meets. This requirement is made by the State Rules Committee and is not negotiable.

At the Northeast Sectional meet, the swimmer will try to qualify for the State Championship Meet. A swimmer may only qualify for the State meet at the Sectional meet. Sectional swimmers qualify for state in one of two ways; place first in an event or swim a time better than the qualifying time set by the Iowa State Rules Committee.

The Midwest Regional swim meet is also a qualification only swim meet. This meet is a YMCA swim meet. A swimmer may qualify for this swim meet at any dual meet or at Sectionals.
